▶ **SWAP SWITCH STEP**

HOW TO REPLACE SWITCHES?
The keyboard switches are hot-swappable and compatible with most the 3-pin & 5-pin mechanical switches on the market.
Extra switches are not included in the package.

01
Remove the keycaps with the keycap puller.

02
Remove the switches with the switch puller.

03
Line up the switch pins with the PCB socket.

04
Place the switch on the PCB and integrate it closely.

05
Gently press the switch into place.

06
Put the keycaps back on to the keyboard and test it.
